

Roadmap Netherlands Peppol Authority

The Netherlands Peppol Authority (NPa) roadmap is an overview of the ambitions of the NPa for the year 2023 and further. This roadmap is a derivative of the NPa plan for 2023 that provides insight into the coherence and sequencing of things.

The NPa applies a multiple-track policy: 6 tracks have been defined on which it will focus.

Netherlands Peppol Authority
Ministry of the Interior and
Kingdom Relations

Track 6 General activities

6

Continuous developing the strategy in line with Digital Business by the national government and its partners
Develop a multi-year plan NPa
Supervision and enforcement

1

Improving the Peppol Framework

An important task of the NPa is to ensure the correctly executed and applied Peppol framework on a national level. Additionally the NPa contributes and cooperates to ensure that continuous improvements are being made on an international level, to strengthen the Peppol Framework in the fields of security and maintain the reliability of the framework.

- Mandatory e-procurement
- Create market involvement
- Share knowledge internationally
- Test existing international ideas

Results/ activities	Q1			Q2			Q3			Q4		
	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec
Mandatory												
Service providers active in the Netherlands without NPAs												
Translate improvement proposal												
Deepen the role of NPAs (authority, supervisor + enforcer)												
Implementation reporting tool												
International cooperation												

Communication and stakeholder management

To increase the awareness and the use of Peppol, the NPa has drawn up a marketing and communication strategy, which will be adjusted with the learnings from the past year. The central message of the strategy remains: "Peppol is the international framework and the standard for the safe, fast, reliable and simple exchange of electronic messages such as invoices".

- Formulate communication objectives
- Branding Peppol
- Launch adoption campaign

Results/ activities	Q1			Q2			Q3			Q4		
	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec
